

Public and Municipal Perspectives Supplementary Results Appendix

Overview

This appendix provides additional results from the public and municipal surveys discussed in the Public and Municipal Perspectives Report.

Municipal Survey Respondent Details

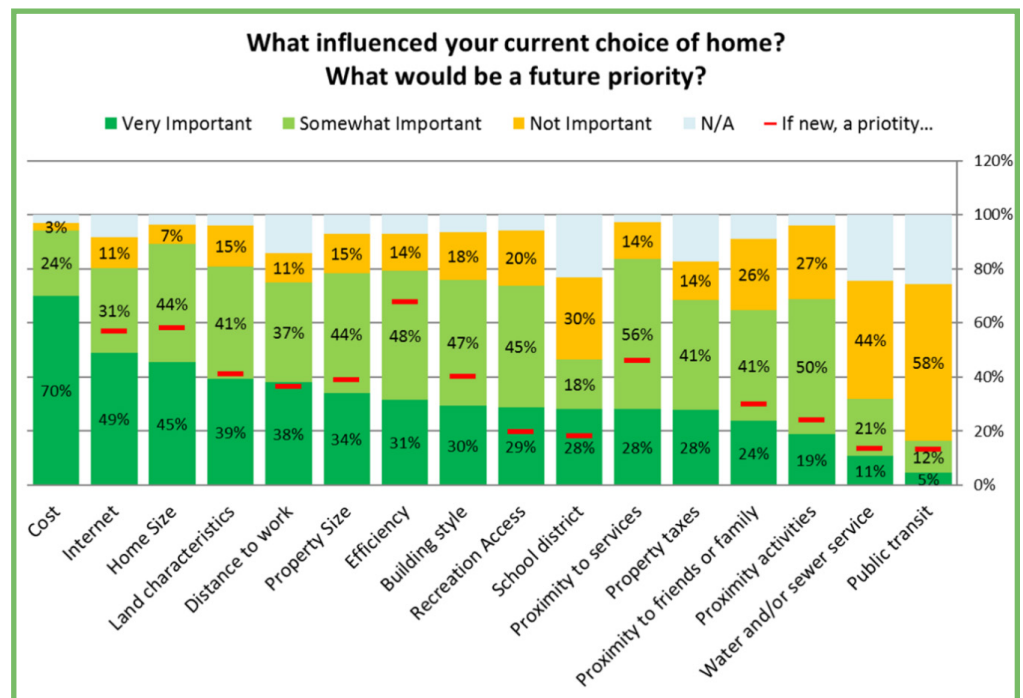

Those who responded to the survey can be broken down as follows:

- 139 total responses representing 50 municipalities and 1 county (20 New Hampshire, 30 Vermont, 1 New Hampshire County)
- 85 (62%) officials from smaller communities with under 3,000 population, 48 (35%) from larger communities with over 3,000 population
- 45 (32%) planning board and commission members
- 16 (12%) select board members
- 16 (12%) town planners and zoning administrators
- Other respondents included town managers/administrators, zoning board members, listers and additional municipal officials and committee members

Results

Affordability

Figure 1. Residents identify items that influenced their current homes and how this would change if they moved to a new home.

Affordability continued...

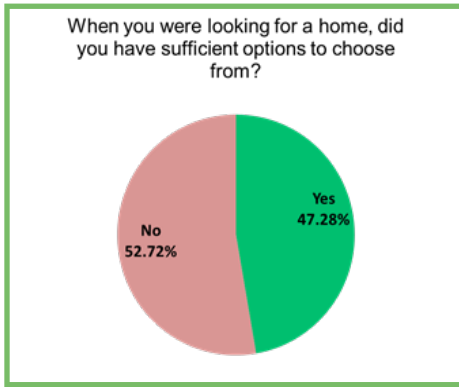

Figure 2. Residents indicate whether they had sufficient options when looking for their current home.

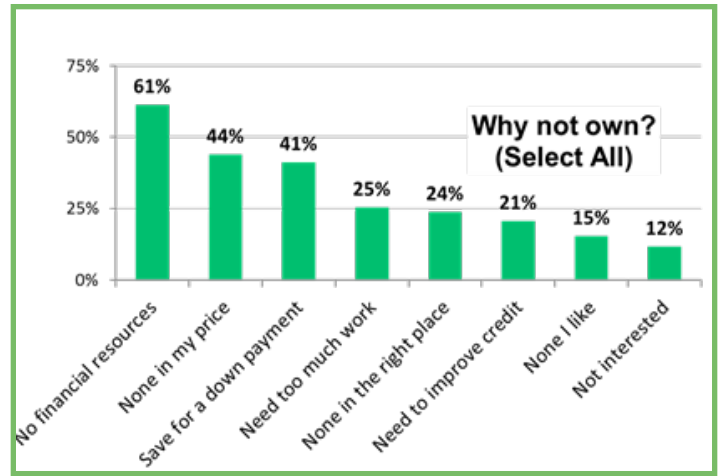

Figure 4. Renters indicate why they do not currently own a home.

Figure 3. Renters indicate whether they would prefer to rent or own in 5 years' time.

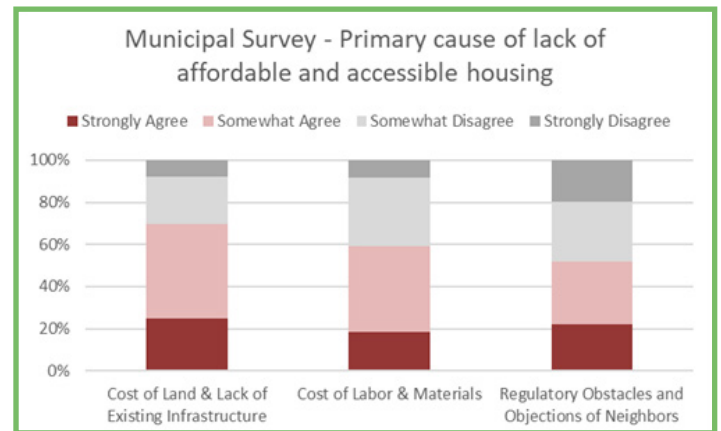

Figure 5. Municipal officials identify what they believe to be the primary reason for the lack of affordable and accessible housing in their community.

Housing Needs

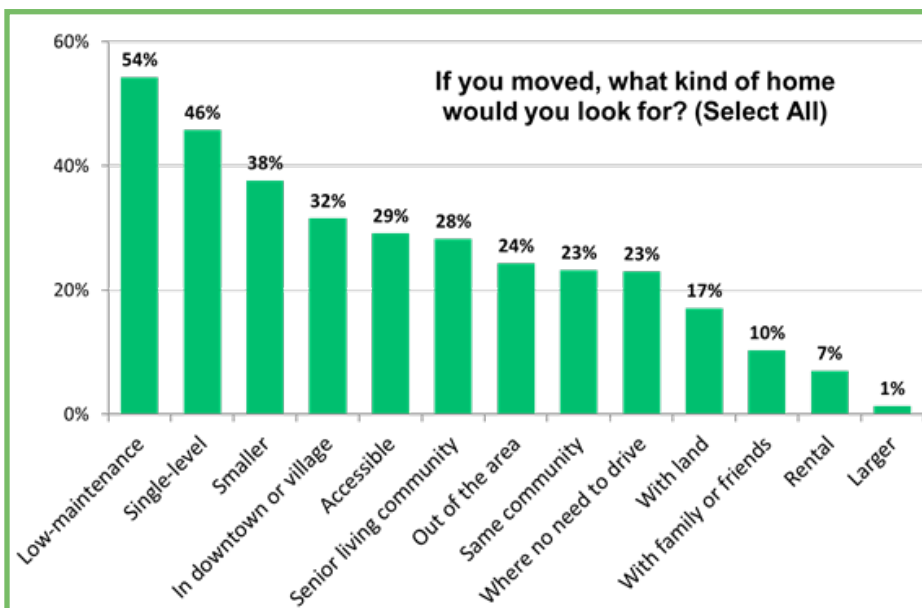

Figure 6. Seniors (or soon to be) share what kind of home they would look for if they moved.

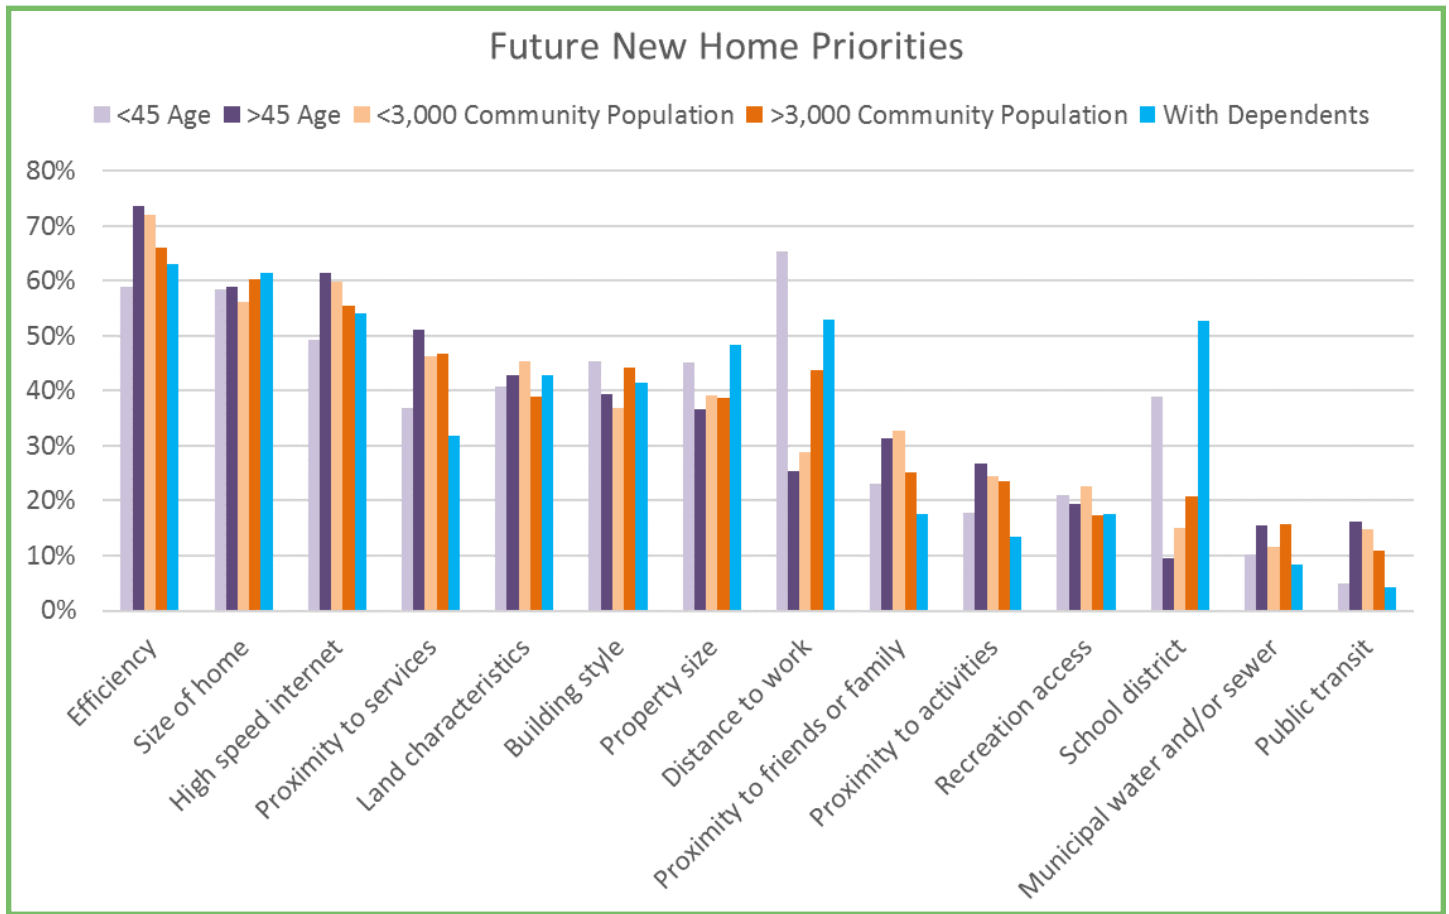

Figure 7. Residents identify those priority items if they were to move to a new home.

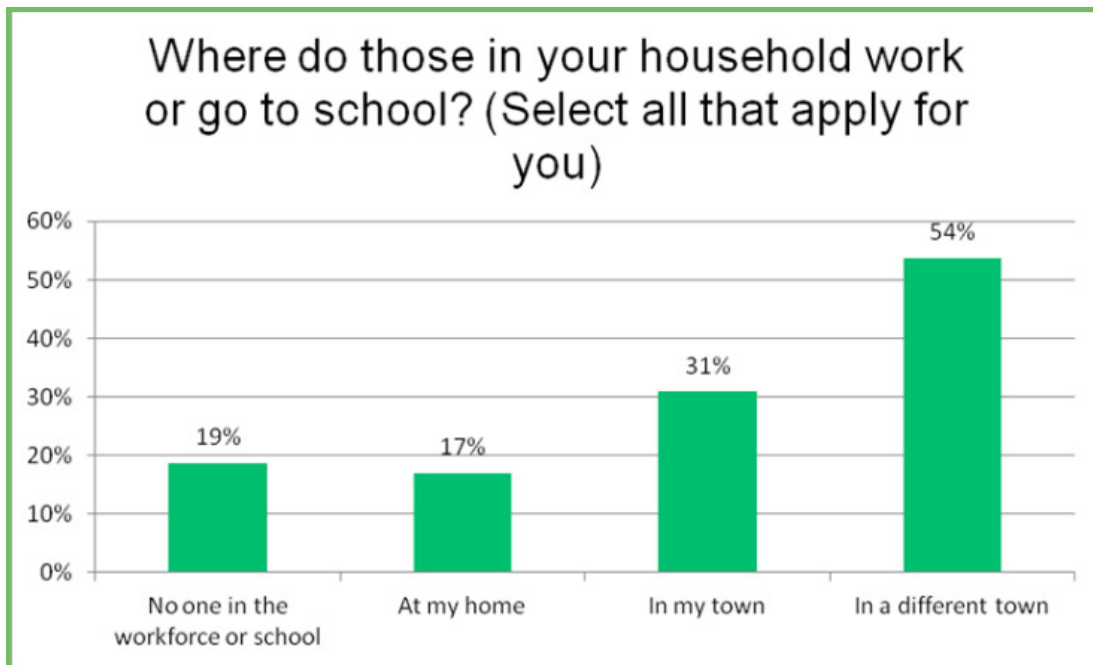

Figure 8. Residents share their commuting patterns to work or school.
